The above caption, or title, is that carried on the original map prepared by Albert E. Miller, of which this drawing is a copy, except that the words Pioneer and Washington County, Utah, are added here. This drawing is

Compiled for and Copyrighted by NICHOLAS G. MORGAN, SR.

St. George blocks are 32 rods (528 ft) square, with each divided into 8 lots 8 x 16 rods in size. The lots are numbered clockwise, commencing at the southeast corner, as shown here on Blocks 9 and 10, Plat "C". The principal streets are 90 feet wide and intersect at right angles except as shown on the drawing.
